In the reference read above, the Engineer-in-Chief(R&B) State Roads Hyderabad has stated that the Narasimhulukonda Hill road is an important major district road connecting famous pilgrim centre Narasimhulukonda in Nellore district. The intensity of the vehicular traffic is very high on this road. The stretch from Km 0/0 to 2/600 was last renewed during the year 2007-08. The existing carriage way is 3.66 mts. This road leads to Mypadu village which is at sea cost of Bay of Bengal, and it connects number of villages. This road is very useful for conveying peoples and emergency works in cyclone periods and the road has been damaged due to heavy loaded commercial vehicles are plying daily in a large number. Number of Rice mills are functioning around the area. In the village limits of kodur padu village from km 2/4 to 3/0, the road has been badly damaged and in single lane of 3.66 m carriageway runs in narrow width in residing area. In rainy season, water is stagnated on the entire stretch and no way to source for out going. Hence CC pavement is proposed in village limits to a length of 600.00m for maintaining the road in good condition.
